

Solution › SPOT

SPOT – Single Point of Truth

All shops, all markets, all transactions
in one dashboard

The eClear dashboard SPOT (Single Point of Truth)

In SPOT the user can see all shops, all markets, all transactions in one interface and make data-driven decisions for a successful business. The VAT and Customs clearing is integrated for over 100m SKUs. This UX designed BI tool is to analyse individual categories and draw conclusions about sales. All reports can be mapped easily and exported to the accounting department automatically.

1 White Labeled

Brand Spot with an individual company logo and generate more user awareness.

2 Multishop

Integrate all shop systems and use the filter function for individual displays.

3 Tax Advisor Role

Connect SPOT with your tax advisor and create individual views.

4 Sales Performance

Sales performance at a glance. SPOT pulls all the data together and gives an overview of the sales statistics. The merchant can see a summary of their most important KPIs and draw first conclusions about their business and how they can become even more successful.

5 EU Sales Distribution

Europe and the world in one smart overview - SPOT always shows the latest sales figures. It integrates all markets to which the merchant ships or wants to ship their goods. They can filter it by year and period to see the trends. In this map they see all sales statistics and draw important conclusions about his potential in different countries.

6 Sales by Marketplaces / Countries

The merchant can integrate all the marketplaces they sell their goods through with one click using the eClear API. The chart shows where they are selling most successfully when filtering by destination country and also the sales in total. With this information the merchant can open up to new markets quickly.

The screenshot shows a comprehensive dashboard with the following sections:

- 1** User profile and navigation menu.
- 2** Summary cards for Total Sales (864,753), Monthly Sales (64,218), and Last month (43,789).
- 3** Top Countries: Germany (+7%, 98,788), France (-1%, 52,569), Italy (+3%, 22,457).
- 4** Monthly Sales line chart.
- 5** EU Sales Distribution map.
- 6** Inputs by Marketplace / Country table and donut chart (Amazon 34%, eBay 25%, Kaufland 17%).
- 7** Taxes & Sales table with columns for Country, Gross, Net, Regular, Reduced, Exempted, and Total tax.
- 8** Output configuration table for various countries (Austria, Belgium, Bulgaria, etc.) with checkboxes for OSS, FileVAT, Self Reg, and ClearVAT.
- 9** Filing Timetable grid showing filing requirements for 2021 and 2020 across different countries and months.

7 Taxes and Sales

Country	Gross	Net	Regular	Reduced	Exempted	Total tax
Austria	54.564	34.348	34.348	34.348	34.348	34.348
Belgium	54.564	34.348	34.348	34.348	34.348	34.348
Bulgaria	54.564	34.348	34.348	34.348	34.348	34.348
Chzech Rep	54.564	34.348	34.348	34.348	34.348	34.348

Through the integration of eClear VATRules, all the products are assigned the correct tax rates. All exceptions and special rules are automatically taken into account. With SPOT the user can immediately see the total of the delivery to the respective countries and the tax expenses. The intuitive traffic light system gives a warning of where a delivery threshold has been exceeded and tax registration is necessary.

8 Output configuration

Country	OSS	FileVAT	Self Reg	ClearVAT
Austria	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Belgium	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Bulgaria	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Cyprus	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

SPOT is where all your eClear products come into play. The user can decide for themselves which products they need and apply them directly. Whether it is the need for the correct tax rates, a required registration with the One-Stop-Shop within the EU, the desire for an automatic VAT declaration - everything can be configured here by the merchant themselves. For sales outside the EU, eClear also offers the correct customs rates to be applied, according to the merchant's individual needs.

9 Filing Timetable

Year	Month	OSS	IntraStat	Easy Sales	VAT Hub
2021	Jan	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	Feb	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	Mar	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	Apr	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	May	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
2020	Jan	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	Feb	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	Mar	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	Apr	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
	May	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

In the Filing Timetable the user can always see in which country they still have to register and file declarations in order to be tax compliant. With one click they can fill in the required forms with the correct data and send them immediately to the right tax authority. If a filing is missing the merchant will see this directly in this chart. This makes it easier for them to keep up with important deadlines and regulations.

Benefits of SPOT

- + White label solution available
- + Creating high level of customer loyalty
- + Modern and intuitive ux design
- + Accounting interface
- + Automated tax filing in 30+ countries
- + Data export to tax authorities in different countries
- + Shopping carts analytics
- + Integration of payment reconciliation
- + SPOT is already CESOP compliant
